

# Harry Mills 5 design Sheets 1

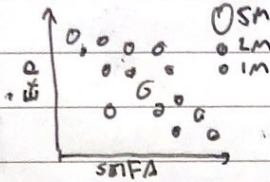

33849471

## Ideas

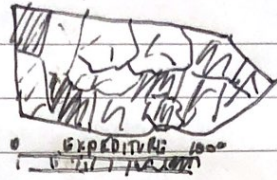

① Bar chart

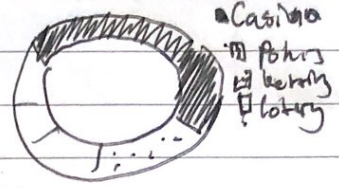

② Bubble chart

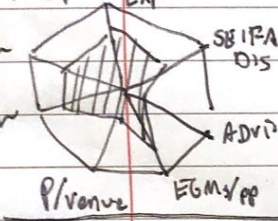

③ Choropleth Map

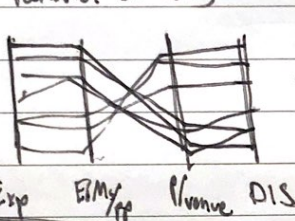

④ Pie/Donut

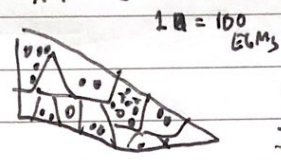

⑤ Radar chart + EXP

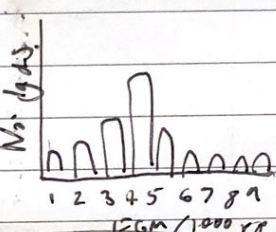

⑥ Parallel co-ords

⑦ Symbol/Dot Map

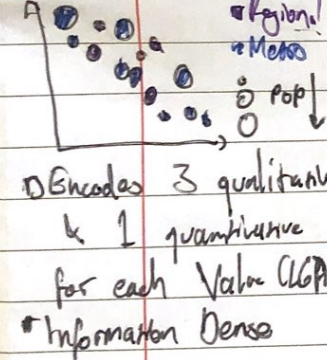

⑧ Histogram

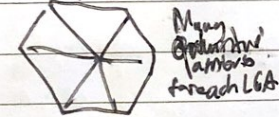

## FILTER

Bubble chart

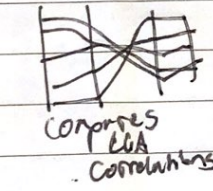

DEcodes 3 qualitative & 1 quantitative for each Value (LGA)  
\* Information Dense

radar chart

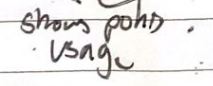

Parallel co-ords

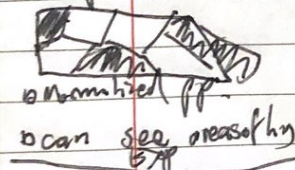

composes LGA correlations

Pie

shows points using

Choropleth

Questions

- ↳ which communities are most affected?
- ↳ what correlations exist with EGM expenditure

## CATEGORIZE

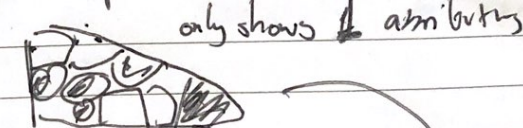

Poker Prevalence  
Introduce how popularity are

Geographic overview  
+ introduce correlations with disadvantaged areas

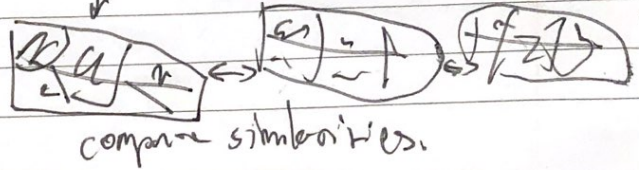

Investigate correlations  
Deeper

## Combine & Refine

Choropleth

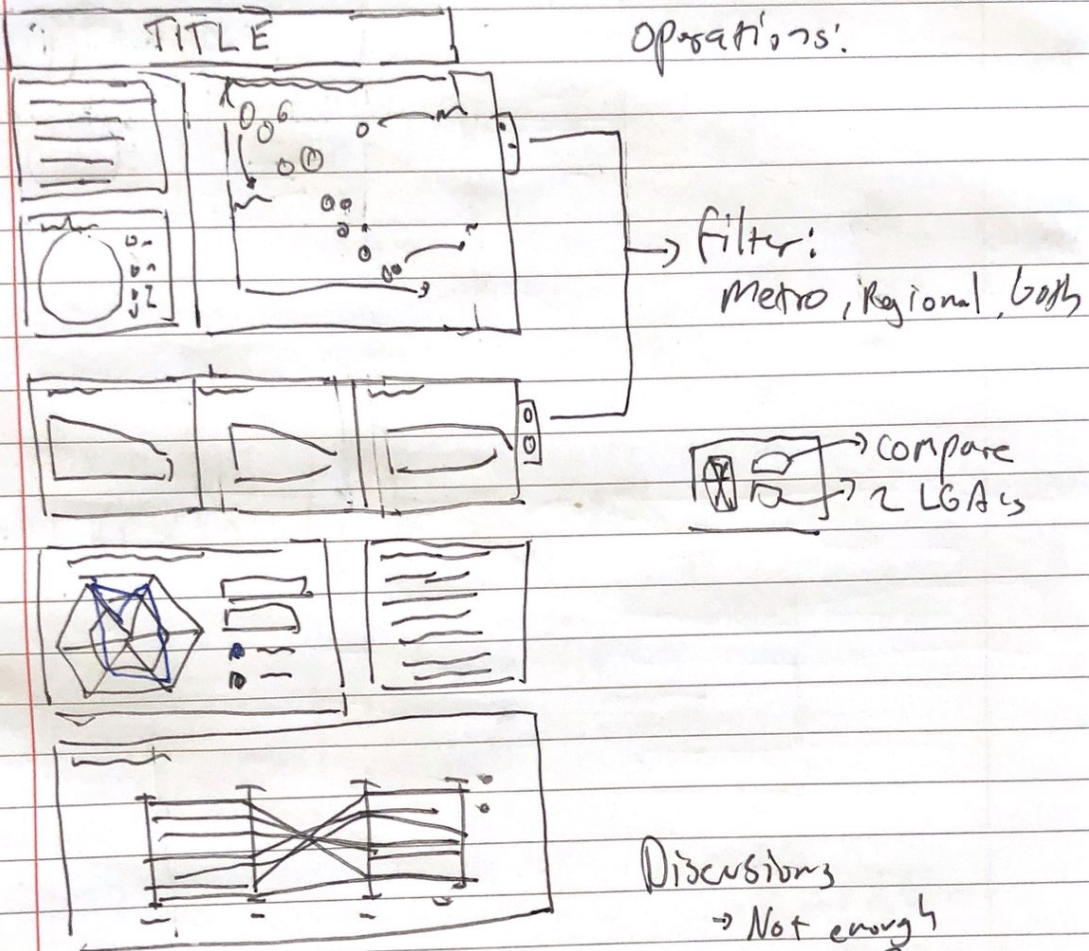

only shows 1 attribute

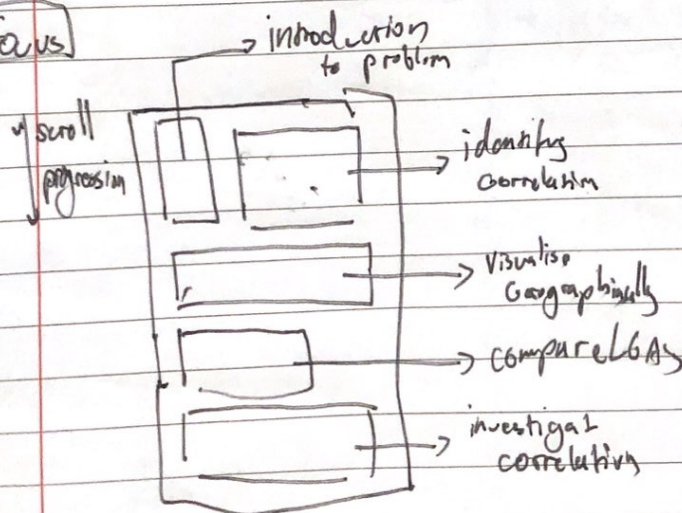

## LAYOUT

## Favs

## Discussions

- Not enough text?
- Too messy? no general focus
- Maps are too small!

SOS #3

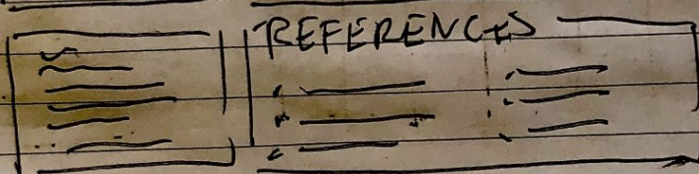

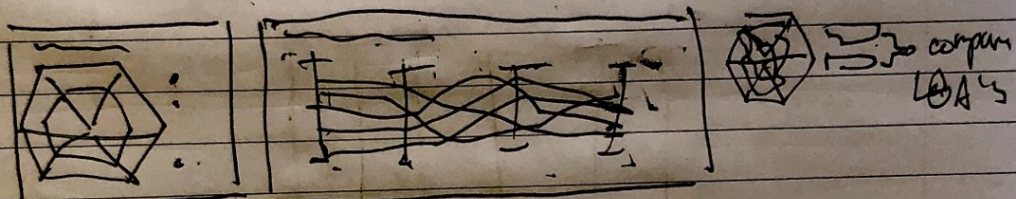

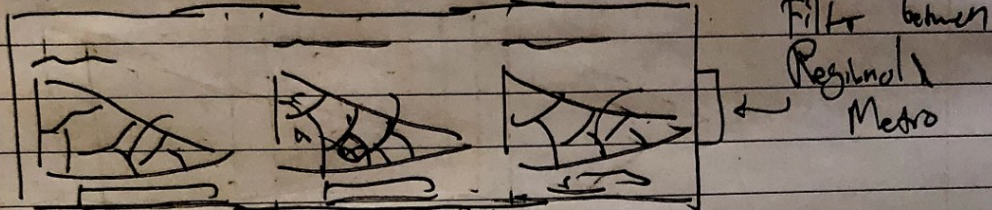

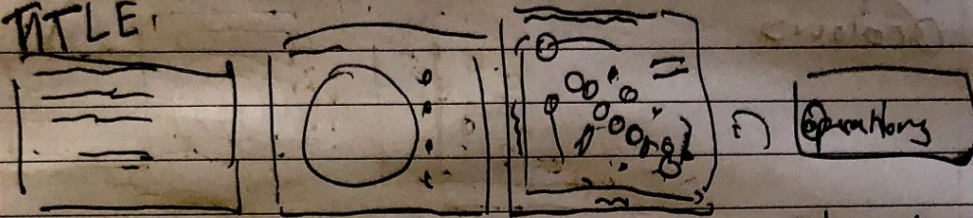

Harry Mills 33844471

subject: POKIES in vsc

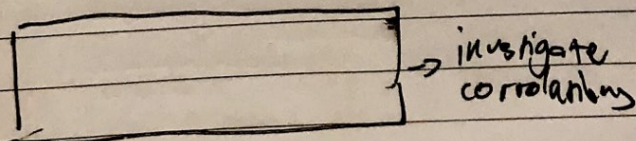

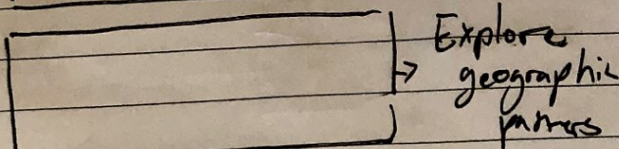

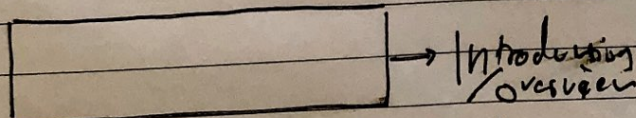

10/10/2025

Layout

TITLE

Focus

everything is focused equally.

Discussion

- Enough text?
- Digestible?
- Enough visual hierarchy?

505 (H4)

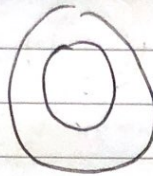

POLIES in Vietnam

LGAs

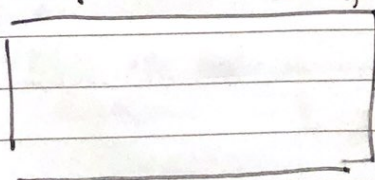

DISCUSSION

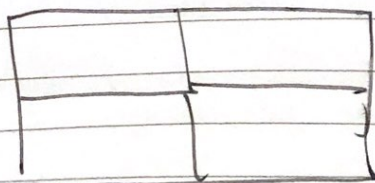

FOCUS

Text

intro to regularity

Main focus  
Spatial  
Distributions

compare  
LGAs  
to see correlations

- No Clear sight lines!
- Small graphs large enough
- hard to see similarities in chloroplasts if changing.

FDS

#5
